# SWITCHBLADE APEX

PERFORMANCE FREERIDE

5, 6, 7, 8, 9, 10, 11, 12, 14

## DESIGN PROFILE

5 Strut, Hybrid design, Fusion wing tip shape, Draft forward profile.

## FEATURES

- Airframe Inflation System
- Teijin D2 Ripstop Canopy - Lightweight, high performing with exceptional durability
- Ultra HT - strong, stable, and responsive material
- Switchblade DNA, cutting edge handling and performance
- Pure Form panels - High accuracy aerofoil for efficiency
- Featherlite bladders
- Apex Bridle - thinner and lower elongation bridle for optimal efficiency and reactive steering
- Trailing edge EVA rigidity battens
- Light and playful control response
- Durable TPU Leading edge bumpers

# DRIFTER APEX

PERFORMANCE SURF / FREESTYLE SURF

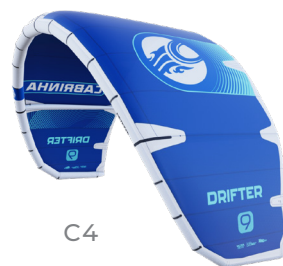

5, 6, 7, 8, 9, 10, 11

## DESIGN PROFILE

3-strut, moderate aspect ratio hybrid design. Chopped surf/drift wing tip design.

## FEATURES

- Airframe Inflation System
- Teijin D2 Ripstop Canopy - Lightweight, high performing with exceptional durability
- Ultra HT - strong, stable, and responsive material
- Slackline drift for down-the-line surfing
- Pure Form panels - High accuracy aerofoil for efficiency
- Featherlite bladders
- Apex Bridle - thinner and lower elongation bridle for optimal efficiency and reactive steering
- Trailing edge EVA rigidity battens
- Durable TPU Leading edge bumpers

# NITRO APEX

PERFORMANCE BIG AIR

6, 7, 8, 9, 10, 12

## DESIGN PROFILE

5 Strut, High sweep, High Aspect, Hybrid strut.

## FEATURES

- Airframe Inflation System
- Teijin D2 Ripstop Canopy - Lightweight, high performing with exceptional durability
- Ultra HT - strong, stable, and responsive material
- Increased top end range, Stability and Hang Time
- Pure Form panels - High accuracy aerofoil for efficiency
- Featherlite bladders
- Apex Bridle - thinner and lower elongation bridle for optimal efficiency and reactive steering
- Optimised airfoil for increased lift and stability during increased angles of attack.
- High support bridle attachments for increased stability and wind range.
- Trailing edge EVA rigidity battens
- Durable TPU Leading edge bumpers

# UNIFY

CONTROL & SAFETY

48 / 53cm

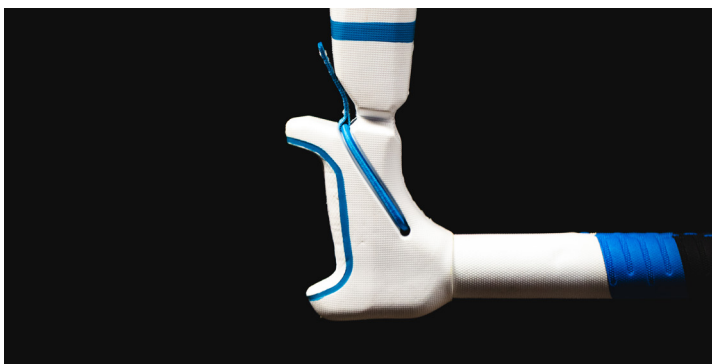

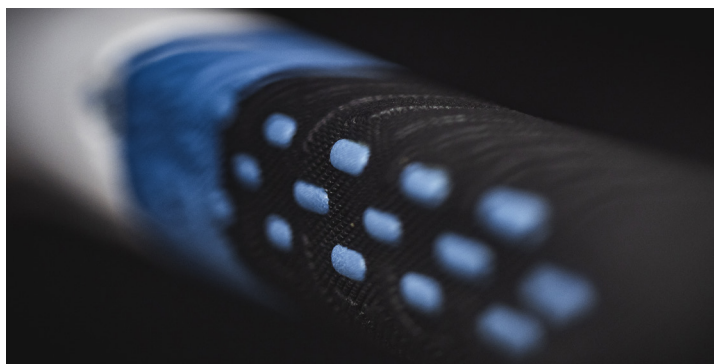

## DESIGN PROFILE

A multi-function ergonomic control bar with Cabrinha's 1X security, click-in connection and Trimlite trim system.

## FEATURES

- Click-in Quick release system
- Dual PU coated tubes with auto un-swivel
- Lightweight fibre filled cleat base with CLAMCLEAT® CL211 Anodized cleat
- Low-v connection for direct steering
- Optional high V setup
- Stainless steel dual chambered bar centre
- Fixed leader line anchor for a more direct feel
- Soft EVA grip with pressed texture to improve comfort
- Asymmetric design with superior comfort and traction for enhanced grip
- Soft, yet durable and ergonomic injection EVA bar ends
- Full ceramic bearings
- 22m stock flying lines with 2m extensions (22m+2m)

PRODUCT CODE: **K6CSCSUFY**

# TWIN TIPS

---

# ACE APEX

HIGH PERFORMANCE FREERIDE

135 x 40      141 x 43  
138 x 41.5    145 x 44.5

## DESIGN PROFILE

High performance board with structural carbon and lightweight composite core that stiffens the flex pattern for increased response and explosive pop.

## FEATURES

- Refined deck shape for improved flex pattern and dynamics
- Centered deck grab rails for progressive board off maneuvers
- 4 degree angled fin for improved grip
- Double centre concave
- Quad channels in the tips for grip when loading off back foot
- Medium rocker line for early planing lift and reliable edge hold
- Moderate / low flex pattern for a rapid response and intuitive pop
- High-end hybrid core construction for lively performance in all conditions
- Exclusive and strategic use of Japanese Toray UD carbon for precision feedback construction

*\*includes 4cm fins, handles and screws*

**PRODUCT CODE: K6TTACEXA**

# SPECTRUM

ALL AROUND FREERIDE

136 x 41      144 x 43      152 x 44  
140 x 42      148 x 44

## DESIGN PROFILE

A fast and forgiving outline with a medium amount of rocker.

## FEATURES

- Refined deck shape for improved flex pattern and dynamics
- Centered deck grab rails for progressive boardoff maneuvers
- Center tip channel
- 4 degree angled fin for improved grip
- Rocker and flex designed for the widest range of conditions and riding styles
- Excellent upwind tracking
- Soft landings
- Excels in choppy water
- Smooth and predictable board control
- Single concave bottom
- A-grade Pauwlownia wood core

*\*includes 5cm fins, handles and screws*

**PRODUCT CODE: K6TTSPECW**

# XCAL WOOD

ALL AROUND PERFORMANCE FREESTYLE

133 x 40      138 x 42  
135 x 41      141 x 43

## DESIGN PROFILE

A Paulonia wood core design with smooth ride.

## FEATURES

- Aggressive quad tip channels for backfoot grip and improved pop
- Rail channels for maximum edge control
- Double concave in center for smooth and controllable landings
- Tough, lightweight & responsive
- Predictable pop & low spin weight
- Early planing lift & reliable edge hold
- Excellent upwind drive

*\*includes 4cm fins, handles and screws*

**PRODUCT CODE: K6TTXCALW**

# SOURCE

ALL AROUND PERFORMANCE FOOTSTRAP

---

Small < 8 US / < 42 EURO

Medium 7-11 US / 40-45 EURO

Large > 10 US / > 45-47 EURO

## DESIGN PROFILE

Lightweight, 3-point foot strap connection

## FEATURES

- Dual density pad provides the perfect balance between grip and comfort
- Triple position duck adjustment for a personalized stance
- Angled micro-width adjustment for a snug fit, in either bare feet or booties
- Pre-shaped adjustable 360° wrap around strap
- Industry standard 6" mounting pattern
- Available in three sizes for the perfect fit
- Lateral limiting edge

\*includes 2x straps, 4x wings, 2x pads, 4x screws

**PRODUCT CODE: K5BASOURC**

# WINGS

---

# MANTIS APEX

HIGH PERFORMANCE FREERIDE

---

4, 4.5, 5.5

## DESIGN PROFILE

Ultra High rigidity Aluula LE Inflatable , Low Dihedral with full powerful profile, Medium AR and convex strut.

## FEATURES

- Aluula composite airframe - lightweight, ultra strong, extremely stable and dynamic response
- Lightweight 2x Airlock configuration
- Refined draft forward airfoil flow, with increased front hand balance
- Fine tuned size progressive wing tip twist for forgiving sheeting
- Lightweight Graduated TE load distribution panel for improved efficiency of the loaded sail
- Composite batten for improved TE stability
- Convex strut for improved frame stiffness and extended TE canopy support
- Spanwise load path panel layout
- Fully moulded composite widespan handles with indexing mounting interface
- Full rigid performance LE handle with anti-abrasion patch
- Teijin D2 Ripstop Canopy - Lightweight, high performing with exceptional durability
- 2-ply high rigidity centre load reinforcement for added arc and dihedral stability
- Low dihedral for high projected area power and front handle drift stability

**PRODUCT CODE: K6WOMANTA**

# MANTIS

ALL AROUND FREERIDE, WAVE AND BIG AIR

2, 2.5, 3, 3.5, 4, 4.5, 5, 5.5, 6

## DESIGN PROFILE

High rigidity LE Inflatable, Low Dihedral with full powerful profile, Medium AR and convex strut.

## FEATURES

- Airframe Inflation System
- Drop Strut Design with indexing mounts for handlebar
- Teijin D2 Ripstop Canopy - Lightweight, high performing with exceptional durability
- Draft forward outline for a more refined balance
- Fine tuned size progressive wing tip twist for forgiving sheeting
- Lightweight Graduated TE load distribution panel for improved efficiency of the loaded sail
- Refined draft forward airfoil flow, with increased front hand balance
- Carbon composite batten for improved TE stability
- Spanwise load path panel layout
- Full rigid performance LE handle with anti-abrasion patch
- Heavy duty UHMPWE reinforced closing seam construction
- 2-ply high rigidity centre load reinforcement for added arc and dihedral stability
- Low dihedral for high projected area power and front handle drift stability
- Durable TPU bumpers

---

# PRESTIGE

FREERIDE / PUMP & GLIDE

---

760, 905, 1150

## DESIGN PROFILE

Ultra high-aspect, Maximum glide, Easy turning, High efficiency.

## FEATURES

- Ultra efficient high aspect ratio wings to maximize lift and lower the drag
- Moderate anhedral for easy turn initiation
- Optimized wingtip shape for effortless wingtip breaching
- Optimized airfoil with medium camber to balance early takeoff and a stable ride at all speeds
- **UNION** connection for maximum stiffness and low drag
- Exceptionally easy to use foil

*\*includes cover, 2 pcs m8x45mm, 1pcs m8x25mm, T40 Torx T-handle tool*

**PRODUCT CODE: K6FWFWHA**

# UNION APEX MAST

HIGH PERFORMANCE

---

84, 78

## DESIGN PROFILE

Superior stiffness with minimal drag.

## FEATURES

- 14mm ultra high-modulus carbon layup for exceptional stiffness and direct feedback
- Monobloc construction reduces drag and improves energy transfer for better glide and higher top speed
- Unidirectional pre-preg carbon maximizes stiffness while keeping weight down
- Thin, aerodynamic profile cuts drag for easier early lift longer glide and higher top end
- UNION connection for maximum stiffness and low drag

*\*includes cover, 4pcs m8x30mm screw with 4 pcs Thut board mounting hardware, 2 pcs m8x45mm, 1pcs m8x25mm, T40 Torx Torque tool*

**PRODUCT CODE: K6FSCMASA**

# UNION MAST

HIGH PERFORMANCE

---

K6PC10BBS000XXX  
10 set of sealed bearings and Teflon washers..

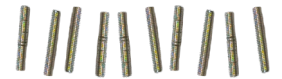

### UNIFY RING T BAR - 12PCS

K6PCRNGB000XXX  
Stainless Steel T Bar for use on Bar ends and flagging Line.

### UNIFY QR SCREW PACK - 10PCS

K6PCQRSCRO00XXX  
10pcs of Stainless Swivel Screws.

### UNIFY QR BUNGEE SET + TOOL

K6PCQRBNG000XXX  
QR Bungee's and tool.

### UNIFY FREESTYLE RING

K6PCFSRNGXSMXXX  
Freestyle Ring Connector.

## UNIFY TRIM PARTS

### UNIFY DEPOWER LINE

K6PCDEPML000XXX  
PU covered Depower Mainline, Flagging Line tubing, Stopper + Grub Screw, Bungee Flagging Line, Leash connection, Stopper and T Bar.

### UNIFY DUAL - SAFETY LINE WITH BUNGEE - 1200 - FL400

K6PCDSLWB000XXX  
Bungee Flagging Line, Stopper and T Bar.

### UNIFY DUAL - TRIM LINE

K6PCDTRLN000XXX  
1 x Trimline (handle not included).

### UNIFY SAFETY LINE PARTS

K6PCSLPRT000XXX  
Leash Connection, Stopper and T Bar.

### UNIFY 2 TUBES - SWIVEL

K6PC2TSWV000XXX  
Swivel Set including 2 screws.

### UNIFY CLAMCLEAT SET

K6PCCCSET000XXX  
Unify clamcleat set including screws.

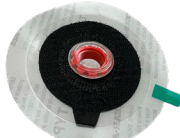

<b>UNIFY CLAMCLEAT BASE ONLY</b> K6PCCCBSE000XXX Unify Clamcleat Base including Screws.	
<b>UNIFY CLAMCLEAT W/ SCREWS</b> K6PCCCBSE000XXX Unify Clamcleat including 2 stainless screws.	
<b>UNIFY TRIM HANDLE</b> K6PCTRHDL000XXX Unify Trim Handle (for use with Unify Trim Line).
